A Pathway to Success....

NEW SHAPES JUST IN TIME FOR SPRING

Door hangers work well for a wide variety of industries:

- Great for retail and service industries like restaurants, real estate, and lawn care for placing special offers directly on front doors.
- Door hangers are a perfect way to build a grassroots ad campaign, promoting and advocating educational, political, or nonprofit agendas.
- Purposeful in the hospitality industry for do not disturb signs, menus, and schedules, they can also notify guests of eco-friendly practices and sanitation measures.
- Ideal for the automotive sector for marketing tactics, dealerships can place special deals on rearview mirrors.
- Choosing our synthetic stock allows for sanitation and extends the lifetime use. Sanitizable paper offers a sense of security during the pandemic and provides a more durable substrate for specific applications where exposure or cleaning needs require the use of liquids.
- With warmer weather right around the corner, now is a perfect time to talk about the effectiveness of door hangers. Discover how your customers can place their marketing messages and special offers in the most suitable spots. We have a library of templates and designs specifically created for use in many industries.

Our door hangers have gotten a makeover, just in time for spring. We've added three new shapes to our already versatile line:

1. **NEW!** 1.25" hole option
Based on customer input we've added a door hanger with the perfect-sized, industry-standard hole.
2. **NEW!** Arch hole design
This option simplifies the hanging and utility by conveniently fitting over typical doorknobs.
3. **NEW!** Perforated card version
A perforated, removable card at the bottom provides a coupon, return mail option, or can be used as a contact or business card.
